Combine the most tasteful design, fine woods beautifully finished by hand, and exclusive Sherle Wagner metal and semiprecious stone adornment, and the result is exactly what you would expect, a timeless FURNITURE collection, created for you in the Sherle Wagner tradition.

The Sherle Wagner FURNITURE line is designed and produced exclusively by us. Unparalleled richness, depth of color and texture are achieved using a hand applied, multi-step process. Many furniture pieces include a choice of wood or stone tops. All METAL parts are made of solid brass or bronze, hand chased and polished, and plated in a choice of sixteen finishes, producing a jewelry quality product enhanced by delicacy of design and detail.

Familiarize yourself with the collections and select your furniture pieces, wood finishes, metal finishes and stone. You will be thrilled with your choices, knowing that everything created by Sherle Wagner grows out of a tradition of elegant design developed to meet your individual tastes and style.

LA NUIT COLLECTION, made of solid hardwood in a selection of finishes. Hand carved pieces are adorned with Rock Crystal Acorns and/or hand chased metal ornaments.
